

Facebook is good platform to engage parents. Many parents will have a Facebook account and the **app Facebook Lite**, allows people to access Facebook where the internet is not very strong, such as 2G areas.

We have created an example Facebook Page that a class teacher could make from their mobile phone using Facebook or Facebook Lite. The teacher could use this page to share learning activities with parents to use with their children.

Please note that the **oldest post**, which shows the proposed simple timetable for the week, is on the last page of this document. Each new post appears above the previous post.

The screenshot shows a Facebook page for 'EduFinance School Example Class Page'. The profile picture is a shield-shaped logo with 'EduFinance' in orange, 'Example' in pink, and 'School' in teal. The page name is 'EduFinance School Example Class Page' with the handle '@EduFinanceExampleClassPage'. The navigation menu on the left includes Home, Posts, Reviews, Photos, About, Community, and Groups, with a 'Create a Page' button at the bottom. The main content area features a cover photo of four young children in school uniforms. Below the cover photo are 'Like', 'Follow', and 'Share' buttons. A post creation box is visible with a 'Write a post...' prompt and options for 'Photo/Video', 'Tag Friends', and 'Check in'. The 'Posts' section shows a post from 'EduFinance School Example Class Page' dated April 6 at 4:00 AM. The post text reads: 'Reading Task - Read a book of your choice for 20 minutes then write three questions you would like to ask the author. If you don't have a book you can read online at <https://www.africanstorybook.org>'. Below the text is a link to 'AFRICANSTORYBOOK.ORG African Storybook' with the description 'Find individual storybooks or themed storybook collections to READ...'. The post has 3 likes and includes 'Like', 'Comment', and 'Share' interaction buttons.

Times Tables - Practice the times table you have been working on in class by writing them down in order ($1 \times 5 = 5$, $2 \times 5 = 10 \dots$) and then writing them down in reverse order ($12 \times 5 = 60$, $11 \times 5 = 55 \dots$)

Maths - Today's maths learning is using partitioning to add 2 digit numbers. Plus see the extension task. Answers will be posted at 4pm

Example

$$\begin{array}{r} 10 \\ 4 \\ \hline 14 \end{array} + \begin{array}{r} 10 \\ 5 \\ \hline 15 \end{array} = 29$$

$10 + 10 = 20$ $20 + 9 = 29$
 $4 + 5 = 9$

Challenge 1 Challenge 2

1 $13 + 24 =$ 1 $16 + 15 =$
2 $15 + 11 =$ 2 $17 + 24 =$
3 $17 + 12 =$ 3 $25 + 26 =$

how to add 2 digit numbers using partitioning.

2. Spot the mistake

$$\begin{array}{r} 16 \\ 13 \\ \hline 109 \end{array}$$

Writing - This week we are working poetry and using adverbs that we have been learning in spelling lessons. First read the adverb poem about the goat and look at the pattern of the poem. Try to memorise the poem put actions for each word.

Activity 2 - pick your favourite animal - decide what sound it makes and write four adverbs to decide how it makes that sound. Write these words in a list.

Activity 3 - Read my example and then write a poem about your animal using the templates to help you follow the pattern.

Activity 4 - Finally draw your animal under your poem.

Adverb Poem

The goat bleats happily,
Bleats happily, excitedly, weirdly,
Happily, excitedly, weirdly, weirdly,
When it sees a doe.

Ms. Edith's Adverb Poem

My cat purrs joyfully,
Purrs joyfully, merrily, soothingly,
Merrily, soothingly, contentedly,
Contentedly when she sits by the fire.

Adverb Poem template

_____ ,
_____, _____ ,
_____, _____ ,
_____ .

This weeks spelling words are adverbs ending in ly: practice everyday and have a test on Friday morning. Share your scores from last weeks tests in the comments below.

	Group 1	Group 2
1	slowly	1 angrily
2	quickly	2 immediately
3	happily	3 nervously
4	timely	4 politely
5	easily	5 generously
6	bravely	6 seriously
